

91% of cyber attacks start with an email.

Keep your email, users, and data safe with Barracuda Essentials, the industry's most comprehensive email security platform.

Stop advanced threats.

Protect your users and business from volumetric threats like malware and spam, as well as advanced threats like targeted spear phishing and ransomware.

Stay compliant and productive.

Our tamper-proof archiving ensures compliance with email retention policies. Email continuity ensures the delivery of emails in the event of a mail server interruption.

Barracuda Essentials with Advanced Threat Protection

Email Security Service with ATP

Barracuda Essentials filters and sanitizes every email before it is delivered to your mail server to protect you from email-borne threats.

Using virus scanning, spam scoring, real-time intent analysis, URL link protection, reputation checks and other techniques, Barracuda Essentials leverages

Barracuda ATP, a cloud-based service that defends against ransomware and other malware, including zero-day attacks and advanced threats.

Barracuda Compliance with Email Archiving

Security and Compliance

Barracuda Compliance adds secure cloud-based archiving to the Essentials Suite, which lets you easily meet demanding compliance requirements and address e-discovery requests. Our policy-based approach lets you set up email retention policies to ensure that important emails are safely archived to Barracuda's secure cloud.

Custom reports make it easy to demonstrate compliance with retention regulations and to defend deletion policies.

Barracuda Complete with Cloud to Cloud Backup

Email Security Service with ATP

Ransomware, natural disasters, and simple human error can cause the loss of business-critical data at any time. Barracuda Complete includes Cloud-to-Cloud Backup and point-in-time recovery for your Office 365 environment. When data is lost, for any reason, you can restore it quickly and easily, to minimize downtime and ensure business continuity. Cloud-to-Cloud Backup includes unlimited storage and retention to meet business requirements even as your business grows.
